

## 2008 Academic Performance Index Test Scores for Marin Public Schools

Academic Performance Index scores measure student achievement on several statewide tests in grades 2 through 11. The scores range from 200 to 1,000, with 800 considered the state benchmark for performance.

School	API				Met Growth Target		
	2008 Growth	2007 Base	2007-08 Growth Target	2007-08 Growth	School-wide	All Subgroups	Both Schoolwide and
<b>Bolinas-Stinson Union</b>	711	796	D	-85

<b>Union Joint Elementary</b>					
Union Elementary	714	B	B	B	N/A

In order to meet federal requirements of No Child Left Behind, a 2008 Growth API is posted even if a school or LEA had no 2007 Base API or if a school had significant population changes from 2007 to 2008. However, the presentation of growth targets and actual growth would not be appropriate and, therefore, are omitted.

- "N/A" means a number is not applicable or not available due to missing data.
- " \* " means this API is calculated for a small school or LEA, defined as having between 11 and 99 valid Standardized Testing and Reporting (STAR) Program test scores included in the API. The API is asterisked if the school or LEA was small in either 2007 or 2008. APIs based on small numbers of students are less reliable and therefore should be carefully interpreted.
- "A" means the school scored at or above the statewide performance target of 800 in 2007.
- "B" means the school did not have a valid 2007 Base API and will not have any growth or target information.
- "C" means the school had significant demographic changes and will not have any growth or target information.
- "D" means this is either an LEA, an Alternative Schools Accountability Model (ASAM) school, or a special education school. Target information is not applicable to LEAs, ASAM schools, or special education schools.
- "E" indicates this was an ASAM school in the 2007 Base API Report and has no target

**Targets Met** - In the "Met Growth Target" columns, the growth targets reflect state accountability requirements and do not match the federal Adequate Yearly Progress (AYP) requirements. The AYP requirement for the API is a 2008 Growth API of 620, or a one-point increase from the 2007 Base API to 2008 Growth API for a school or LEA.
